

Masking Policy

NE Speech Pathology Services Corporation prioritizes the health and well-being of all our clients, families, and staff. We are implementing an updated masking requirement policy effective immediately. These measures aim to ensure a safe and welcoming environment for everyone.

Here are the new guidelines:

1. If the client is experiencing symptoms (e.g., fever, cough, congestion) and requires their mouth to be visible during the session, you may:
 - Avail of a virtual appointment
 - Avail of your one makeup session, if twenty-four (24) hours notice was provided.
2. Masking in the Office Space:
 - Clients and parents and/or support people who do not require their mouth to be visible during the session AND are experiencing symptoms (e.g., fever, cough, congestion) will now be required to wear a mask while in the clinic.

NE Speech Pathology Services Corporation appreciates your understanding and cooperation as we continue to adapt to best serve you while ensuring everyone's health and safety. If you have any questions please do not hesitate to reach out to our office at nancy@nespeechservices.ca.

Thank you for partnering with us to maintain a safe and supportive environment for all.
